Shaheem P. Para

BACKEND DEVELOPER

Scarborough, Toronto, ON | +1 437 663 6419 | shanofficial2000@gmail.com | GitHub | LinkedIn

Experience

Agua India | Backend Develop   **September 2023 – January 2024**

- Developed a robust backend system for a rapidly growing user base of 20,000+ across major cities.
- Engineered efficient tools for user and partner applications, optimizing order processing and delivery workflows, resulting in a 25% increase in user satisfaction and a 20% reduction in delivery time.
- Designed and implemented a user-friendly dashboard for internal teams and vendors, enhancing sales productivity by 40% through intuitive interfaces and real-time analytics.
- Collaborated closely with cross-functional teams to align technical structures with project goals, ensuring high-quality, user-focused web applications.

Cynbus | Junior Backend Developer   **August 2022 – August 2023**

- Developed logical and database components for commercial products, utilizing the Django framework and REST API, impacting thousands of users across various sectors.
- Played a crucial role in projects, including e-commerce platforms, e-learning systems, vehicle parking applications, and multi-vendor store backends.
- Contributed to the Agua project from February 2023 to August 2023, focusing on backend development, data migration and system optimization.

Education

Lambton College, PG Diploma in Full Stack Software Development   **May 2024 - Present**

Major: Computer Science | GPA: 3.35

Safi Institute of Advanced Study | Bachelor of Computer Application   **July 2019 – March 2022**

Major: Computer Science | CGPA: 6.2 | University of Calicut

Skills & abilities

- **Programming Languages:** Python, JavaScript, Swift
- **Web Frameworks:** HTML, CSS, Bootstrap, jQuery, AJAX, React.js
